EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on January 18, 2010, Klaus P. Stoffel requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 02-2275 the required fee of \$130.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- a. In claim 1, last line, examiner has deleted "direction." and inserted --direction, and --.
- b. In claim 1, after the last line, examiner has inserted the new paragraph --the annular clearance having a predetermined size such that an axial force transmitted from the spacer ring to the shaft plate with the annular clearance is diverted by means of the clearance in such a way that the associated roller bearings are acted upon by a uniform force over substantially the entire length of the roller bearings.--
- c. The abstract has been replaced with --A bearing arrangement for absorbing axial loads, which has a plurality of axial roller bearings arranged one behind the other and each having a housing plate, a shaft plate, and rolling body sets

arranged between the runner plates. In each case, the shaft plates and the housing plates are supported axially by spacer rings arranged between them. The housing plates and the shaft plates have a constant axial thickness over their entire radial extent in the region of the rolling body sets, and at least one of the shaft plates has an annular clearance at its inner circumference which is inwardly open in the radial direction.--

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William C. Joyce whose telephone number is (571) 272-7107. The examiner can normally be reached on Monday - Thursday 7:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Ridley can be reached on (571) 272-6917. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
